

Good Public Service and the Men Back of the Service

1—The Generating System

The operation of our modern 19,000 horse-power generating system is under the direction of L. A. Lawrence, Chief Engineer.

Mr. Lawrence has been connected with this company and its predecessors for nineteen years, in which time he has seen the capacity of the system increase from 350 horse-power to its present size.

The generating system is the heart of the service—without the most conscientious and efficient work on the part of Mr. Lawrence and his organization, good public service would be impossible.

And TENNEY SERVICE aims to be "the best possible service at the least possible cost to the customer."

AMUSEMENT NOTES.

Howe's Travel Festival Comes to Barre Opera House Sept. 12.

The success of Lyman H. Howe's travel festival, which comes to the opera house on Tuesday, Sept. 12, is due to a great extent to the fact that Mr. Howe knows how to make each picture do its own talking more eloquently than any lecturer could. The new program demonstrates the value of his attraction as the best kind of an evening's entertainment imaginable. Stirring scenes from odd corners of the world are presented in such rapid succession that the whole program affords one continual thrill of delight.

In his current offering there is a splendid series of Hawaii, showing exceptionally fine stereoscopic views along the route of the Hilo railway, the active volcano of Kilauea, cutting sugar cane and various methods of transporting same, throw net fishing, surf riding, etc., by the natives, and various other phases of the daily life and scenic charm of our beautiful islands in the Pacific. In the course of a journey through Norway the remarkable sight of a vast herd of rein-

deer swimming across a wide fjord is seen. In Spain "Howe tourists" will see quaint villages built on rocks, peasant women spinning wool, wonderful Moorish architecture, etc. Life at the United States Military Academy at West Point is comprehensively depicted, and there will be different specimens of birds and fish in natural colors, dissolving portraits of famous men, new and amusing animated cartoons, and many others—adv.

BOY WONDER DEFEATED.

Bobby Jones Lost to Champion Gardner in Golf Tournament.

Haverford, Pa., Sept. 8.—Bob Gardner, amateur golf champion of America, beat Bobby Jones, the fourteen-year-old boy prodigy of the sunny South on the thirty-third green at Merion in the third round of match play yesterday for the amateur championship of the United States. Jones, of Chicago, and D. C. Corkran of Baltimore, together with Gardner, won their way into the semi-finals as the result of victories yesterday afternoon.

HOW OLD ARE YOU BY YOUR HAIR?

You may be thirty in years, but if you are baldheaded or gray, people will surely take you to be many years older.

Dandruff is the root of most hair evils. If it were not for the little destructive germs working with a persistency worthy of a better cause there would be but little baldness, and less people prematurely gray.

Parisian Sage will help you to keep young looking and attractive. It is guaranteed by the Red Cross Pharmacy to make hair grow and stop falling hair; to remove every bit of dandruff; to stop itching of the scalp almost instantly.

Parisian Sage is one of the most invigorating, satisfying, and pleasant hair dressings made; it makes the hair soft, luxuriant and handsome; it is especially praised by women who love beautiful soft and lustrous hair. Parisian Sage is sold by druggists everywhere, and a large bottle never costs more than 50 cents.—Adv.

BUILD UP YOUR BLOOD

It is a hopeless task to try to restore your health while your blood is deficient in quantity or quality.

The blood circulates throughout every portion of the body except the hair and nails. It takes the nourishment from the food and distributes it to the various muscles and organs; it takes also any medication that is administered through the mouth. The blood is the only means by which medicine can reach the nerves. If the blood is thin its carrying capacity is lessened because it is the red corpuscles in the blood that carry oxygen and other needed constituents to the various parts of the body.

Dr. Williams' Pink Pills for Pale People increase the red corpuscles in the blood. They enable it to absorb more oxygen, to carry more life and strength to the weakened organs. In any disease in which the patient becomes thin and pale Dr. Williams' Pink Pills can be used successfully to combat the anemia and build up the health and strength.

"Building Up the Blood" is a booklet, full of good information. Every mother and every growing girl should have one. It is sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills. Price 50 cents.
